

Slate Grey C18

Slate grey for a solid look. A refined colour with subtle blue undertones, inspired by slate material. Strong and steady, it exudes a sense of sophistication and maturity, giving homes a modern look while complementing different colours and textures. When combined with light tones, slate grey creates a striking visual contrast.

☼ Cool ● Dark tone Ⓝ Neutral

- ✓ a strong visual impact or a strong aesthetic value
- ✓ suits different architectural styles
- ✓ a reliable and timeless investment
