Classification: OFFICIAL

Good morning, Mark,

All well here, hope all is well with you too.

Thanks very much for the comprehensive details. I recall attending a drive through site meeting some time ago and identifying various potential locations for the 6 additional passing places. As I recall, there was some obvious locations due to the signs of vehicle overrun and verge damage, so, I can almost guarantee that the sites identified here will be the same, largely, as noted on the site meeting some time ago.

With all that in mind, I am content the details, sites, spec etc, provided by you in your email will be sufficient to meet the requirements within Condition 3.

The usual road occupation/opening permits will be required from the local office here in Oban, prior to the works commencing.

Regards,
James.
