Case Officer: Sandra Davies

## Customer Details

Name: Mr malcolm harle

Address: cour farmhouse, carradale, campbeltown PA28 6QL

## Comment Details

Commenter Type: Immediate Neighbour

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: We object to the proposed development of said fish farm as our property directly overlooks Cour bay. As a result we would see and hear all of the activity, day and night. Neither my wife nor I are in good health so the proposed development would severely impact on both our physical and mental health. My wife already suffers from sleep deprivation caused by chronic pain so the constant activity would exacerbate her sleeping issues.

We are also concerned about the issues of pollution around the fish farm as our dogs swim and play in the bay. We already find general waste being washed into the bay on the tide so it is inevitable that severe contamination and pollution discharged from the pens will end up in Cour bay posing health risks to humans and animals alike.

Fish farms in general appear to have a very poor safety record and Carradale has had well reported incidents recently so given the close proximity to our property we most strongly demand that permission be refused.
